About us

Standard Educational Furniture (SEF) is a trusted brand and biggest educational furniture manufacturer in Kerala. We have an exclusive 3000sq feet showroom for an extensive collection of educational furniture in our factory compound providing new outlook among the class room furniture segment. SEF ensures high quality products by realizing the needs of class room's atmosphere and the student's dream about their fantasies on classrooms. There is an unexplored captivation between students and class room furniture. So designing of classroom furniture should be innovative and creative which realizes the fantasies of children about the learning environment. The furnishing of classrooms must be comfortable to the physic of each student, which diffuse positive energy into the mind & surroundings of each kid. In the current scenario, innovative classroom designs is an asset to all educational institutions.

SEF shouts the slogan Save Tree Program initiated by the World Health Organization(WHO) and manufacture mainly metal furniture. The wooden coat on the top is made purely of plantation wood and we make sure that not a single forest wood is cut for SEF. The metal parts on furniture are heavy gauge galvanized iron with powder coated finishing / stainless steel.

Educational
Furniture

We would proudly say our motto is purely in providing excellent service and maintaining a transparent and clean relationship with our clients. Competition in the field and obvious media influence in the current era demands a novel and colourful ambiance to the classroom and intern to the classroom furniture than traditional wooden furniture. No matter it is an international institution or a playschool, our services are impartial and trustworthy. In the last 12 years we have proven our skills in over 1000s of schools and colleges all over India. We render our services any time anywhere.
